

## Mobile Banking Go mobile

Mobile banking gives you real-time access to your accounts wherever you happen to be. Just send a quick text message to your account and you'll receive a message back. It's fast, it's easy and it's free.\*

It works on all text-enabled phones. It doesn't matter what kind of cell phone you have, as long as you can send and receive text messages.

Check account balances and recent account activity information from anywhere you can get a signal-instantly. You'll get the account information you want, when you need it. There's no need to find a computer to check your account balance. And, have peace of mind with the ability to instantly check what activity has taken place with your account.

Your personal information is always secure as the only information that is transmitted is your account balance or your recent account activity. Even if you lose your phone, no one will be able to make changes to your account, steal funds or personal or financial information. And, it's quick and easy to cancel mobile banking if needed.
